

Year 3 Homework Grid

Reading

Please could children read their reading books a minimum of 3 times a week. When you have listened to them, please sign the reading record book each time.

Spellings

Spellings are to be practised using the look, cover, say, write method as well as the other methods given out at Meet the Teacher.
The children will be tested every **Friday**.

Comprehension

Each week we will be sending home comprehension questions. These are a guide as to what kind of questions children are likely to face in their comprehension. We do not expect that you answer any question in writing, but the sheets can help provide discussion questions when listening to your child read.

Mathletics

Please could the children earn 1000 points on Mathletics each week. The children who have done so will be recognised in class and we will give an award for the children with the three highest scores at the end of each half term, in class.

Times Tables

Each week children will be given time to practise their times tables. Please could you help reinforce their times tables knowledge with regular practise.

Thank you for your support
